

Flow Measurement

Systems

- Gas Metering Systems
- Liquid Metering Systems
- LNG Metering Systems
- Liquid / Gas Proving Systems
- Bi-directional Provers
- Small Volume Provers
- Portable Provers
- Water Draw Calibration Systems
- Electronic Measurement Systems
- Measurement and Control Instrumentation
- Sampling and Analysis Systems
- Control Systems

- Supervisory Systems
- Software Applications

Related Services

- Commissioning
- Metering Training
- Virtual Reality Training
- Test and Training Simulators
- Condition Based Monitoring
- Consultancy and Audit Services
- Brownfield Upgrades and Modifications
- Site Investigations / Inspection Services

Separation and Produced Water Treatment (Primary, Secondary, Tertiary)

Systems

- Separators (including associated internals)
- Hydrocyclones
- Flotation
- Filtration
- Coalescence
- Adsorption
- Solids / Sand Management

Related Services

- Commissioning
- Brownfield Upgrades and Modifications
- Computational Fluid Dynamics
- Separation and Water Treatment Training
- Virtual Reality Training
- Produced Water Treatment Spares Management
- Inspection Services

Flow Control and Safety

Systems

- Oil and Gas Modular Wellsite Skids
- High-Integrity Pressure Protection Package (HIPPS)
- Chemical Injection Systems
- Wellhead Control Panels
- Hydraulic Control Systems
- Pneumatic Control Systems
- Hydraulic Power Units (HPUs)
- Intervention and Workover Control Systems
- Topside Umbilical Termination Units (TUTUs)
- Testing and Flushing HPUs
- Pressurised Control Cabins
- Emergency Shutdown Control Systems (ESDs)
- Surge Relief Systems
- Control Systems

- Subsea Control Systems
- Supervisory Systems
- Electrical Control Panels

Related Services

- Commissioning
- Hydraulic Services
- Electrical and Instrumentation Services
- Hose Management
- Inspection Services
- Hazardous Area Inspection and Design Services
- Brownfield Upgrades and Modifications

Processing and Recovery

Systems

- Chemical Injection Systems
- Wellhead Desanding
- Wellhead Gas Conditioning
- Oil and Gas Modular Wellsite Skids

Related Services

- Commissioning
- Brownfield Upgrades and Modifications
- Virtual Reality Training
- Inspection Services

Transfer and Storage

Systems

- Truck Loading Skids
- Truck Unloading Skids

Related Services

- Commissioning
- Brownfield Upgrades and Modifications
- Condition Based Monitoring

Training

- Bespoke Metering Training
- Flow Measurement Basics Training
- Flow Measurement Gas Training
- Flow Measurement Liquid Training
- Flow Metering Calculations
- Proving and Calibration Techniques Training
- Operations and Maintenance Training
- Produced Water Treatment Training
- Virtual Reality Training
- Test and Training Simulators

Healthcare, Inspection and Audit

- Condition Based Monitoring
- Inspection Services
- Hazardous Area Inspection and Design Services
- Process Engineering Review and Recommendations
- Offshore Site Surveys
- Mechanical Review and Recommendations
- Procurement and Manufacture of Systems
- Project Management
- Full Documentation Package
- Offshore Installation and Commissioning
- Onsite Operations Training
- Hydraulic Pressure Testing and Flushing
- Hydraulic System Modifications
- Preventative and Corrective Maintenance
- Hose Management Contracts

Upgrades and Obsolescence Management

- Obsolescence Management Support
- Brownfield Metering and Control Systems Upgrades
- Brownfield Process Systems Review and Upgrades
- Hydraulic Services
- Electrical and Instrumentation Services
- Software and Cyber Security Upgrades

Maintenance and Life of Field

- Long-term Service Agreements
- Care and Maintenance
- Work Planning and Scheduling
- Progress and Management Reporting
- Call Off Maintenance Contracts
- Spares Management

Parts and Spares Management

- Metering and Controls Spares Management
- Produced Water Treatment Spares Management
- Start-up Spares
- Operational Spares
- Insurance Spares
- Validation of Compliance to International Standards

Worldwide facilities that bring over 50 years of experience and expertise closer to you
