## Flow Measurement Solutions

### Systems

- Gas Metering Systems
- Liquid Metering Systems
- LNG Metering Systems
- Liquid / Gas Proving Systems
- Bi-directional Provers
- Small Volume Provers
- Portable Provers
- Water Draw Calibration Systems
- Electronic Measurement Systems
- Measurement and Control Instrumentation
- Sampling and Analysis Systems
- Control Systems

- Supervisory Systems
- Software Applications

### Related Services

- Installation and Commissioning
- Metering Training
- Virtual Reality Training
- Test and Training Simulators
- Condition Based Monitoring
- Consultancy and Audit Services
- Brownfield Upgrades and Modifications
- Site Investigations / Inspection Services

---

## Control, Interface Management and Safety Solutions

### Systems

- Control Systems
- Supervisory Systems
- Chemical Injection Units
- High-Integrity Pressure Protection Package (HIPPS)
- Emergency Shutdown Control Systems (ESDs)
- Surge Relief Systems
- Oil and Gas Modular Skids
- Energy Recovery and Generation Systems
- Hydraulic Power Units (HPUs)
- Hydraulic Control Systems
- Wellhead Control Panels
- Testing and Flushing HPUs
- Topside Umbilical Termination Units (TUTUs)
- Electrical Control Panels

- Pressurised Control Cabins
- Pneumatic Control Systems
- Intervention and Workover Control Systems
- Subsea Control Systems

### Related Services

- Installation and Commissioning
- Hydraulic Services
- Electrical and Instrumentation Services
- Hose Management
- Installation and Commissioning
- Inspection Services
- Hazardous Area Inspection and Design Services
- Brownfield Upgrades and Modifications

---

## Separation and Water Treatment Solutions (Primary, Secondary, Tertiary)

### Systems

- Separators (including associated internals)
- Hydrocyclones
- Flotation
- Filtration
- Coalescence
- Adsorption
- Solids / Sand Management

### Related Services

- Installation and Commissioning
- Brownfield Upgrades and Modifications
- Computational Fluid Dynamics
- Separation and Water Treatment Training
- Virtual Reality Training
- Produced Water Treatment Spares Management
- Inspection Services

---

## Processing and Recovery Solutions

### Systems

- Chemical Injection Units
- Wellhead Desanding
- Wellhead Gas Conditioning
- Energy Recovery and Generation Systems
- Oil and Gas Modular Skids

### Related Services

- Installation and Commissioning
- Brownfield Upgrades and Modifications
- Virtual Reality Training
- Inspection Services

---

## Transfer and Storage Solutions

### Systems

- Truck Loading Skids
- Truck Unloading Skids

### Related Services

- Installation and Commissioning
- Brownfield Upgrades and Modifications
- Condition Based Monitoring

## Training Solutions

- Bespoke Metering Training
- Flow Measurement Basics Training
- Flow Measurement Gas Training
- Flow Measurement Liquid Training
- Proving and Calibration Techniques Training
- Operations and Maintenance Training
- Operations and Maintenance - Flow Training
- Produced Water Treatment Training
- Virtual Reality Training
- Test and Training Simulators

## Healthcare, Inspection and Audit Solutions

- Condition Based Monitoring
- Inspection Services
- Hazardous Area Inspection and Design Services
- Process Engineering Review and Recommendations
- Offshore Site Surveys
- Mechanical Review and Recommendations
- Procurement and Manufacture of Systems
- Project Management
- Full Documentation Package
- Offshore Installation and Commissioning
- Onsite Operations Training
- Hydraulic Pressure Testing and Flushing
- Hydraulic System Modifications
- Preventative and Corrective Maintenance
- Hose Management Contracts

## Upgrades and Obsolescence Management Solutions

- Obsolescence Management Support
- Brownfield Metering and Control Systems Upgrades
- Brownfield Process Systems Review and Upgrades
- Hydraulic Services
- Electrical and Instrumentation Services

## Maintenance and Long-term Service Solutions

- Long-term Service Agreements
- Care and Maintenance
- Work Planning and Scheduling
- Progress and Management Reporting
- Call Off Maintenance Contracts
- Spares Management

## Parts and Spares Management Solutions

- Metering and Controls Spares Management
- Produced Water Treatment Spares Management
- Start-up Spares
- Operational Spares
- Insurance Spares
- Validation of Compliance to International Standards

Worldwide facilities that bring over 50 years of experience and expertise closer to you
